Three ways to make a flow

Start from blank

- Automated cloud flow
Triggered by a designated event
- Instant cloud flow
Triggered manually as needed
- Scheduled cloud flow
You choose when and how often it runs
- Describe it to design it
Describe the flow you want and AI builds it for you

Start from a template

Desktop flow
Automates processes on your desktop environment

Process mining
Evaluate and optimize your existing processes and tasks

Build an automated cloud flow

Free yourself from repetitive work just by connecting the apps you already use—automate alerts, reports, and other tasks.

Examples:

- Automatically collect and store data in business solutions
- Generate reports via custom queries on your SQL database

Flow name

Add a name or we'll generate one.

Choose your flow's trigger

Search or select a trigger from the list below to create a flow. (Required)
